**for the position of Project Manager, UNFPA Armenia Country Office**

<b>Job title:</b>	<b>Project Manager</b>
<b>Position Number:</b>	
<b>Location:</b>	<b>Yerevan, Republic of Armenia</b>
<b>Full/Part time:</b>	<b>Full-time</b>
<b>Contract type:</b>	<b>Service Contract (SB4.1)</b>
<b>Contract start date:</b>	<b>24 February 2020</b>
<b>Duration:</b>	<b>1 year (with possibility of extension until 31 December, 2022)</b>

### **The Position:**

The Project Manager will be located in UNFPA Armenia Country Office (CO). Under overall guidance of the Assistant Representative and direct supervision of UNFPA Armenia CO Gender Programme Analyst, the Project Manager substantively contributes to the UNFPA activities in the area of gender equality.

The Project Manager, in close cooperation with UNFPA Armenia office, as well as the European Union, represented by the European Commission will carry out overall daily management and implementation of the activities, in accordance with the "Future Today: Empowering women, youth and children for deepening democracy in Armenia" Project Document, Work Plan, and the Budget.

As the resources and ideas that local women can offer are poorly utilized, which is negative for both local economic growth and political progress, this component will tap the full potential of women for the benefit of women themselves and the society generally. The project will provide women with an opportunity to design activities based on their needs and will activate a support circle established by women for women. This component will scale up the model of resource centres for women in Armenia and make them more inclusive, which proved to be the most effective base for engaging women in sustainable local and regional development. As the development gap is huge among the regions and the capital, the action will focus mainly on the regions. Moreover, the project will aim at tackling the identified challenges by building capacity of local NGO's and institutions for engaging men and boys. Identified and trained local NGOs and institutions will serve as the main advocates for promoting the change and making gender transformative approaches more sustainable.
